## **“Dutch for Dentists”**

*Before the course...*

open Immersion 1 course. There will be 2 to 4 participants, so you can have your own dentist-oriented material. (€955 per person, including lunches & material) It is possible to skip this first week if you already have basic knowledge of Dutch.

During the second week, you will be trained in explaining your specific dental treatments to your patients, staff & colleagues. Native Dutch people will come for a dental appointment with you during class, so you will have real life exercise! This week can be done privately (€1800, including lunches & material), or booked with other dentists only (€955 per person, including lunches & material, maximum: 4 participants).

The Distance Learning Training is for dentists who want to learn how to write Dutch as well. It is only possible for more advanced students. (€180 for 10 weekly assignments)

*After the course...*

*“When I came to the Netherlands, I could speak a few essential words and still it was hardly enough for communicating with my patients. When I tried to use my bad Dutch for shopping or ordering food in a restaurant, they always switched to English.*

*After taking the course with Syl I was able to make clear sentences and maintain conversations in Dutch. It improved not only my communication with patients but made me feel more connected to the other stuff in the dental clinic and to people I came across with.*

*Learning a new language takes much time and effort. With the intensive course at learn Dutch Fast offering my Dutch improved tremendously within a few days. I fully recommend it, especially to dentists.”*

*“I highly recommend Sylvia's Dutch classes; she is doing a very good job. The lessons are build up in a special way using day to day activities in a very pleasant way, it is social and fun.*

*Sylvia is very creative and is giving personal attention to each client, and the needs of the specific field that each client works in .*

*It was a great pleasure to study in the class of Sylvia and in the professional medical Dutch language that she build up especially for me.*

*If you have further questions about Sylvia's service, feel free to contact me.”*
